INDEX TO
THE KENDALL COUNTY RECORD
OBITUARIES
YEARS 2011-2020

Notes to the user:

This index for years 2011-2020 was transcribed from the printed paper itself. Every effort has been made to produce an accurate index. As with every transcription project there is always a chance for human error.

To our knowledge the State Library discontinued microfilming newspapers after June 25, 2015. It is our hope that in the future, the newspapers will be digitized making a search much easier.

The obituaries in the early part of this decade were generally listed in the “Countywide” section of the Kendall County Record. This section had separate page numbering beginning with page 1.

The Kendall County Record was bought by Shaw media around 2016, after that the format of the paper changed and at some point-in-time the “Countywide” section was eliminated, thus the paper from that point had continuous page numbering.

With the popularity of listing obituaries online, sometimes an obituary is only listed online and not in the printed paper. Remember to search the newspaper online archives if available.

There were no obituaries listed in the paper for issue 11/24/2016.

Issues missing entirely from our collection are, 7/4/2015, 4/26/2018, 7/2/2020, 7/23/2020, and 7/30/2020.

Issues 9/10/2015, 3/10/2016, 7/21/2017, and 10/14/2018 are missing page 2 they begin on page 3.

Issue 7/4/2015 was missing page 3.

We hope you will find this a useful tool in your search.
